Bayer is a global enterprise with core competencies in the Life Science fields of health care and agriculture. Its products and services are designed to benefit people and improve their quality of life. At Bayer you have the opportunity to be part of a culture where we value the passion of our employees to innovate and give them the power to change.

**Statistician Clinical Statistics (m/f/d)**

**YOUR TASKS AND RESPONSIBILITIES**

- Collaborate with representatives from other functions to plan studies, execute analyses and report results, for example in the role of a study statistician (m/f/d)
- Lead virtual cross-functional sub-teams within Data Sciences & Analytics (DS&A)
- Implement standard processes for routine analyses
- Develop the statistical analysis plan for studies (or integrated analyses)
- Facilitate the overall organization and coordination of statistical activities
- Assume responsibility for the production and accuracy of the statistical analysis and interpretation of the results
- Work independently on statistical questions and tasks
- Oversee and ensures accurate and timely delivery of statistical work outsourced to external providers

**WHO YOU ARE**

- PhD or MS in biostatistics, statistics or mathematics
- First experience as statistician (m/f/d), preferably within the pharmaceutical or biotech field desirable
- Good knowledge of statistical programming languages (including SAS and/or R)
- Strong communication skills and ability to work both, independently and collaboratively
- Strategic thinker (m/f/d) who takes delight in tapping into new fields without established routines and processes
- Fluent in English and German, both written and spoken

This is a fixed-term contract for 24 months.
This position can be filled in Wuppertal or Berlin.

**YOUR APPLICATION**

Are you looking for a new challenge where you can show your passion for innovation? Are you interested in working as part of a global team to improve people's lives? Then send us your online application including cover letter, CV and references.

Bayer welcomes applications from all individuals, regardless of race, national origin, gender, age, physical characteristics, social origin, disability, union membership, religion, family status, pregnancy, sexual orientation, gender identity, gender expression or any unlawful criterion under applicable law. We are committed to treating all applicants fairly and avoiding discrimination.
