The Leibniz Institute for Farm Animal Biology (FBN) based in Dummerstorf near Rostock (Germany) is a foundation under public law. Assignment of the institute with about 300 employees is basic and applied research in the field of the biology of agriculturally important farm animal species.

The Institute of Genetics and Biometry invites applications for the position of a

**Statistical Scientist and Counsellor (m/f/d) in the field of Biometry**

for a limited period of 4 years with the option of entering into a tenure track procedure.

**Reference number:** 2021-08

**Task Description:**
The applicant will provide statistical expertise (planning and design of experiments, data analysis and interpretation of results) to researchers of all disciplines at the FBN.

Own research is expected to cover specific questions arising from counselling as well as significant contributions to statistical projects initiated by the Institute of Genetics and Biometry.

Equal shares of the total working hours will be devoted to each of both tasks.

**Requirements:**
The ideal candidate is highly motivated and has earned a PhD/doctoral degree in Biostatistics or Mathematics or comparable. The ability to tune in to the needs of a broad variety of researchers from different fields and research topics is mandatory. We further expect strong engagement in application for third-party grants and steady publication of research findings. Working languages are German and English.

**We offer:**
- A dynamic and rewarding job in a performance-oriented and family-friendly environment
- Modern research facilities and a strong focus on international collaboration
- Employment conditions according to the provisions of Tarifvertrag für den öffentlichen Dienst der Länder (TV-L), salary grade 13 TV-L, if the personal requirements are met
- Participation in the company pension scheme (VBL)
- Assistance with formal issues while settling into the new living environment

We are a modern, internationally oriented research institute. The compatibility of work and family is one of our central concerns. The Institute is committed to increase the proportion of women in areas where they are under-represented and suitably qualified women are encouraged to apply. Candidates with disabilities will be given preference in the case of equal qualifications and capacity to complete the project. We explicitly encourage applications from international candidates.

Application and travel expenses in the context of the application cannot be reimbursed. By submitting your application, you consent to the processing of your personal data for the purpose of the application procedure.

For detailed information contact Prof. Dr. N. Reinsch (reinsch@fbn-dummerstorf.de, Tel: 038208/68 900).

Your application should include a letter of application stating your qualifications, a curriculum vitae, copies of Master’s and PhD certificates, a publication list and two letters of reference. Please send them as one pdf file (preferred) including the job number to:

`personal@fbn-dummerstorf.de`

**Subject: Verwaltung (St.-Nr. 2021-08)**

Leibniz Institute for Farm Animal Biology (FBN)
Verwaltung (St.-Nr. 2021-08)
Wilhelm-Stahl-Allee 2
18196 Dummerstorf
Germany
