

ACADEMIA MEETS INDUSTRY

10. OCTOBER 2025

Promoting the future of Medical Statistics

Are you interested in statistics and data science in drug development and clinical research? Then don't miss **Academia Meets Industry (AMI)** this autumn! This online event brings together professionals and students from academia and the pharmaceutical industry to exchange ideas and opportunities.

Early Career (incl. BSc, MSc, and PhD students) are highly encouraged to attend

AMI is **perfect for you** if you're a student seeking an internship or thesis topic, or a senior researcher looking to explore collaborations or job opportunities. BSc, MSc, and PhD students, as well as senior researchers and data scientists, are highly encouraged to attend.

Plenty of room for networking

Virtual break-out rooms for each company/university provide the opportunity to obtain information but also to get know each other and discuss opportunities topics for internships and/or theses. **6 time slots** will be provided giving the participants the opportunity to connect with six different possible employers.

Connect – Collaborate – Create

Registration needed, attendance is free of charge

If you are interested in participating and learning more about ongoing statistical topics, please register until **October 1st, 2025**.
