

ACADEMIA MEETS INDUSTRY

09. OCTOBER 2026

Promoting the future of Medical Statistics

Are you interested in **statistics** and **data science** in the pharmaceutical industry? Are you looking for an **internship** or a topic for your **thesis**? The "**Academia Meets Industry (AMI)**" event brings together students and representatives of industry and academia.

BSc, MSc, and PhD students are highly encouraged to attend

Experienced practitioners and researchers from industry and academia give an overview of their **companies/universities** and present opportunities for working with them on cutting-edge topics related to Biostatistics and Machine Learning in drug development. The focus is on **potential topics for internships, working student positions, and theses** for BSc, MSc, and PhD students, as well as **possible career paths**.

Plenty of room for networking

Virtual break-out rooms for each company/university provide the opportunity to obtain information but also to get know each other and discuss opportunities topics for internships and/or theses. **6 time slots** will be provided giving the participants the opportunity to connect with different possible employers.

Connect – Collaborate – Create
